A Welcome Message from N.B.A.D. President

I am extending my hearty congratulations to Wisconsin Deaf Sports Club for hosting Eleventh Annual National Bass Association of the Team Tournament at Bull Shoals Lake, Arkansas that is about 700 miles from Wisconsin. I am confident that General Chairman George Evans, Co-Chairman Lorenzo Alderman and their planning committees will have a successful tournament and I know that they are working so hard for the best they can for the NBAD Team Tournament.

I have been looking at NBAD's financial report, it seems that our finances are still growing, but are not growing fast enough. The money must grow to provide more service and more promotional programs for NBAD's future. NBAD should be responsible for advertising in Nationwide Publications instead of just locally host bass club. We could be best run organization if we stay close to our members (local bass clubs), NBAD would then build a good organization.

I am proud of Charles E. Marsh, Jr. (outgoing) of his service and good standing with NBAD who has been NBAD officer and most active member for 10 years during NBAD's time and history and I know he would be around to be with us to help in preparation for NBAD from time to time, also he gave good speech of his good example about NBAD to all different organization and deaf peoples in national. Congratulations.

By the way, I am glad that one of co-founder of the NBAD, Robert Southwell (Life-time Executive) is still around to be with us, the officers and we will see what we can do for NBAD's sake, we hope for the best.

My most exciting is to welcome all new and old anglers, their families and friends from different states for a fine vacation week and the facilities are made available to help meet the needs of families and friends who wish to spend their free time all together at campground sites or at cozy motels.

NBAD shall appreciate you, all members for your cooperation, consideration and support to the NBAD Team Tournament, since NBAD promotes good fellowship, honor and sportsmanship among deaf anglers.

Good Luck to all of you, deaf anglers.

NBADfully yours,

Alan D. Rork

NBAD President

N.B.A.D. VICE-PRESIDENT'S MESSAGE
WESLEY PARSON, New York

I'm very interested in my work as N.B.A.D. Vice-President of National Bass Association of the Deaf with my new N.B.A.D. Officers of Indiana people. It will make it easier for me to attend our N.B.A.D. rules together and to rewrite works in By-law book to make it Better, Improve it and make a Stronger N.B.A.D. Bylaw and also our N.B.A.D. members. I'm looking forward to see if our N.B.A.D. members will be satisfied with our works for N.B.A.D.'s most improvement in our FUTURE together -- Keep STRONG with N.B.A.D.!

Also I'm W.D.S.C. member with their works during that biggest successful tournament with W.D.S.C. committees in Arkansas! I am still planning to work with MY strong feeling with N.B.A.D. and also get my most enjoyment with my BASS fishing with my old Wisconsin Indian guide, Loren Alderman for my partner during my past N.B.A.D. Tournament! Really enjoy fishing with my old and new fisherers in everywhere in all lakes in all states for all years!

N.B.A.D. Secretary — Treasurer
TIMOTHY M. SCHRIVER

A five years old boy watches his daddy wear a shirt with a full emblems of lures/bass club and catch a big bass. A dream begins.

Just as National Bass Association of the Deaf plans, hopes and work toward a goal, the Bass Clubs are concentrating to transform their dream: NBAD. Where once stood Bass Clubs abandoned Organizations and Reservoirs. This Prize development will challenge the imagination of the NBAD in all of us, Anglers and for all families entertainment also.

Dedicated to the goal of involving as many bass clubs as possible scope of activities and participants. As one of Hundred participants in this year's competitions, I extend my personal best wishes for every success. May your efforts be a challenging and rewarding experience.

We, Wisconsin Deaf Sports Club, also want to THANK Charles for his coming to Wisconsin to attend our 3rd Annual Big Fish Contest of the Deaf and Deaf Campers on July Fourth weekend at Adams, Wi. in 1983. He also fish with his old college buddy, Karl Nygaard of Sun Prairie near Madison for his 2½ days and he won third place with plaque in the Bass list. We knew that he had wonderful time in Wisconsin with his Wis. BASS fishers very well and he is still knowing all NBAD Local BASS fishermen/fisherwomen pretty good, too! In A Land Not So Far Away...

Once upon a time there was a land where lots of manufacturers built TDDs. Build, build, build. And then magically, most of these manufacturers disappeared. Zip, zap, fizzle. No service, no new products, no support.

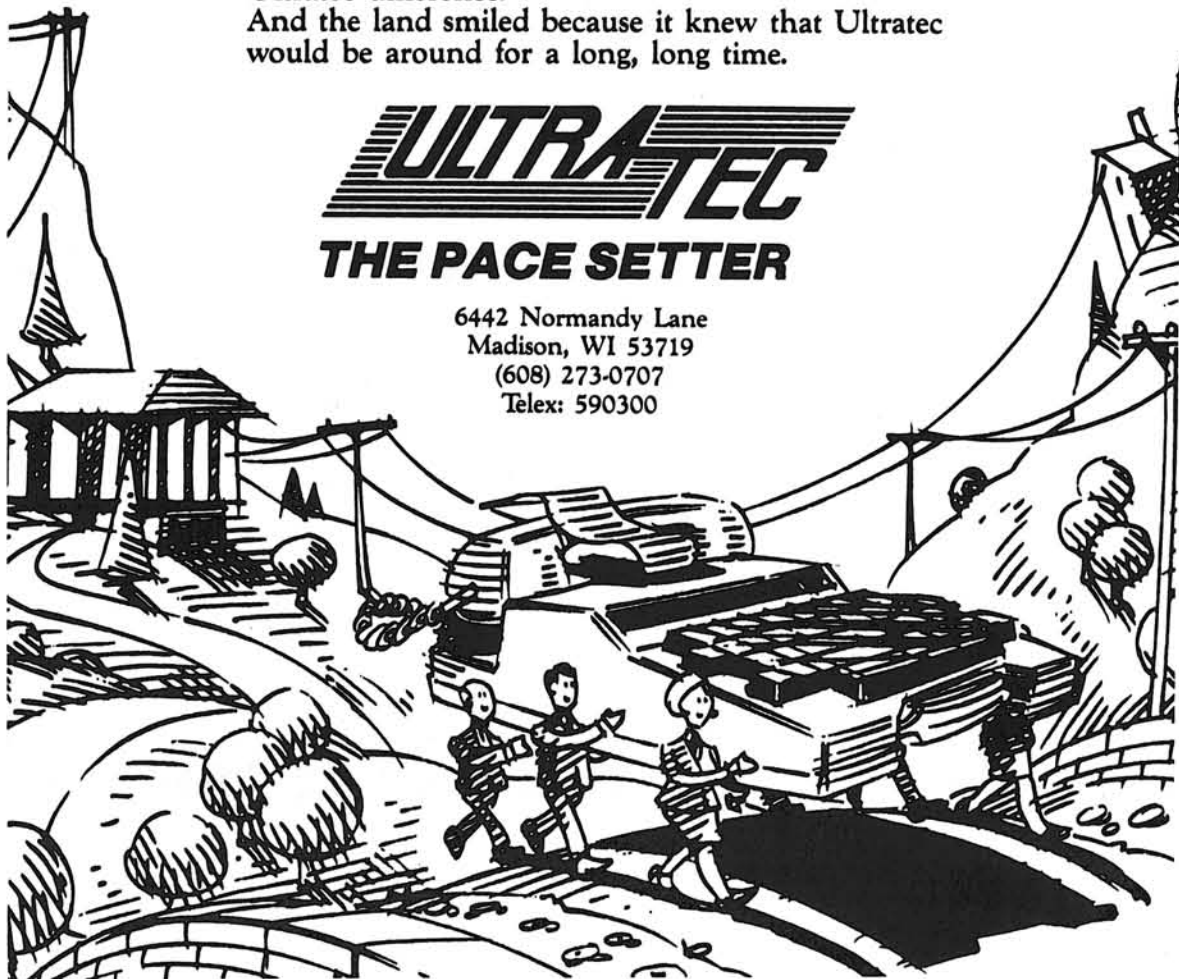

When the dust settled, there was a company left that was listening instead of talking, growing instead of fizzling. "What makes this company different than the others?" bellowed the land.

And the answer was clear at once, the difference was the people behind the products. A team of talented and dedicated professionals who never settled for second best in product, price, or service. That's the Ultratec difference.

And the land smiled because it knew that Ultratec would be around for a long, long time.
