Words from Ed Wood, 1985 N.B.A.D. Chairman

It is with pleasure to extend my congratulations to Olathe Bass Club of the Deaf, for fine preparation of the 8th Annual National Bass Association of the Deaf Team Tournament. With confidence, we will have a successful one.

We have our goals to attain during the tournament. They are sportsmanship, fellowship, sharing experiences and knowledge, and friendly competitions; however some of us may overlook one of the most important things: CLEAN WATERS! To avoid such as a menace of water pollution, we should cautions of how to keep our waters clean. We ought to see that we don't pollute them with tin cans, oil, gas, plastic containers and etc. We'd love to see the next generation to be able to fish and catch fish without being contaminated by those toxic waste. Water pollution is No. 1 enemy so let's keep the water clean!

As Chairman of 10th N.B.A.D. tournament in 1985 at Toledo Bend Reservoir, I ask you to draw a big circle on the 1985 calendar as your reminder.

In conclusion, I am convinced that this will be a good week and be sure to use caution. Have fun and bring good memories back home!

May the best fisherman win!

Bassingly yours,
Ed Wood
